### To the Students

**T**HE airplane furnishes a fitting theme for the 1929 Prospectus. Just as it is giving us a safe and rapid method of transit for ourselves and for our messages, so this Prospectus is giving us a means of carrying the memories of high school days from the present to the future days. These memories of the friends, the events, the traditions, the customs, habits and ideals of Central High School days form the thing we designate as the Spirit of Central. This 1929 Prospectus is the thirty-first ship in a great fleet which is helping to carry this spirit into the future. It is a real pleasure to me to aid in its launching.

A large, stylized handwritten signature in cursive script, reading "J. E. Wellwood". The signature is written in black ink on a light background.

MISS GRACE PINEL

MISS FLORENCE RIDDELL

Miss Florence E. Riddell has now been at Flint Central High School six years. She came here in 1923 when she took up work as dean of girls. In 1926 she became assistant principal which is her present office. She received her Bachelor's degree at the University of Nebraska and will continue her work this summer at Columbia University where she is an applicant for the Master's degree.

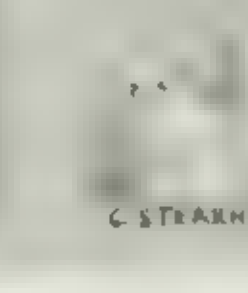

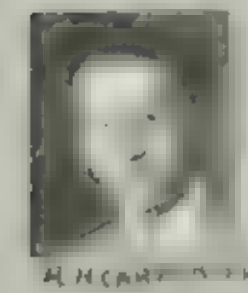

Miss Grace Pinel has for three years been dean of girls at Flint Central. Previous to that she taught French and activity classes. She received her B. A. degree at Kalamazoo and will take up graduate work at Columbia University this summer.

THE Central High School Prospectus depicts as does no other organ, the life of the school. Year by year this publication has laid before its readers a record of the growing and rapidly developing activities of the school organization. If this Prospectus is a better publication than its predecessors it will be because the fact is that it has better material to present. It will be because the achievements of the school are

greater and better than the achievements recorded for the years that are past. Since the Prospectus each year furnishes us with a reliable record of the school's achievements, it is my desire that each succeeding year may see this publication with more to relate, and finer material to present to the public.

C. V. COURTER,  
Superintendent of Schools.

## Class of '29

In September, 1926, a most unpromising looking group of youngsters arrived on our campus. However, in spite of the fact that they looked as though they would get dizzy if they attempted even straight flying, they held up remarkably well under the trial flight of the first two weeks.

Soon catching onto the way things were done, they elected Griswold Ruth as their pilot and Katherine Holmes, Arthur Davis and Louise Varty to assist him.

Their first solo flight was attempted when, all by themselves, with no juniors or seniors, they gave a "home" party. It was such a success that they were allowed to try it again in the spring.

At the class sing they out-yelled both other classes and so carried off the \$10 prize.

After several more months spent in ground-training they attained the rank of juniors. As soon as they chose their leaders Griswold Ruth, president, Louise Varty vice-president; Elizabeth Flanders, secretary, and Marion White, treasurer.

They went through the endurance flight of the mid-year exams with very few planes crashing and they attained new heights with their junior play, "Pomander Walk." A Senior-Junior and a Junior-Senior party also added to the joys of life. Besides that, our budding aviators claimed first place in the class sing, proving that they were talented in more ways than one.

At last they reached the rank of seniors. Again they elected officers, Herbert Miller, president, Frank Ireland vice-president, Louise Varty, secretary, Rosalie McKinney, treasurer, and also Carl Savage, Student Union president. They had discovered by then what it is like to be in the air, and indeed they seemed to be up in the air about something most of the time! First it was the popularity contest with Carl Savage taking the honors, then it was the mid-year exams, then a few social events, and last but not least, the senior play, "Honor Bright."

They seemed to be floating on clouds toward baccalaureate, class night, the senior dinner dance and commencement night. Now that they are to receive their wings, where to fly is the question.

## Class of '30

Way back in the Year of Our Lord 1927, an heroic band of green young colonists, fresh from the sheltering protection of our three junior high schools, arrived at East Central. No then, not for the first time every of America, but another equally important event—the coming of the class of 1930! In Lindbergh's place we have Virgil Groom, who was chosen president at the class election.

That first year was, of course, one of toil and hardship, but it had its brighter moments. One was that memorable sophomore party, with the gym resplendent in pink wrapping paper.

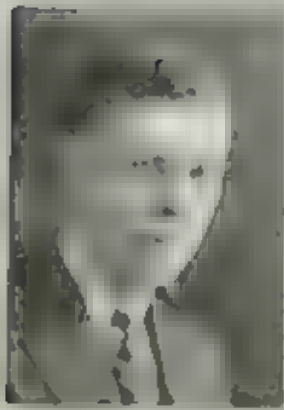

At the middle of the year our class was considerably reduced by the opening of Northern High. The few who remained, however, kept up the good work until at the beginning of another year—lo and behold—we were juniors!

Robert Hetchler was elected president for this year and under his leadership we survived another year.

We were actually considered worthy of being guests of the seniors at the Senior-Junior party, and later in the year we were hosts to them. We also had one junior party, but being generous we admitted several who were not so fortunate as to be members of our class.

In February we presented as the junior play, "The Road to Yesterday." It was very different from any of the previous junior plays, and we think, every bit as good.

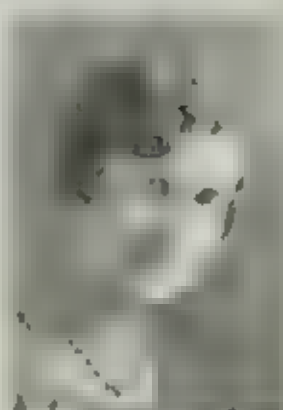

Now, on the fourteenth of June, 1929 A. D., after having successfully passed through various and sundry examinations we emerge as—seniors.

## Class of '31

I say we Sophomores haven't done a half bad job of making history with only one year to do it in. There are quite a few notable events that we are at least partially to blame for. To begin with, we arrived here. That in itself was worthy of note. It was nothing short of wonderful the way we stood up under the customary onslaught of wise cracks about our greenness!

Then we were right on the spot with several worthy candidates for Student Union secretary when election time came. We proved that we also had men destined for the hall of fame when we brought Lewis Kearns and Donald Decker to the front as president and vice-president of our class.

Ours was the first class to have a class party, and we admit it wasn't so bad. In the spring we had another sophomore party, at which balloons furnished the decorations.

Then we gave those upper classmen the surprise of their lives! A Sophomore, Doris Bahr, was voted the most popular girl in Central!

Somehow we got through the rest of that last semester and now—most of us are juniors.

This year's opera, "Pirates of Penzance" (Gilbert and Sullivan), followed in the footsteps of the previous year's production and in the joy it afforded the audience. The cast of dancers lent their talent in several numbers, giving the opera local color as well as a clever story well portrayed. Credit for its musical success is given to O. C. Christiansen. Miss Adeline Pierce was in charge of dramatics.

## The Kaleidoscope

This year's production of the Kaleidoscope was an important event at Central. True to its name, it was a varied program made up of school activities, over 200 students participating in the entertainment. Miss Mabel Pine was the general chairman of the event.

The first team defeated Pontiac this year. They lost to Bay City Central, Flint Northern and Grand Rapids Union. They also took part in many practice debates. The several defeats this year were attributed to inexperience in debating, and as all speakers are all juniors, we will have an excellent start next year.

The reserves held two audience decision debates with Lansing Eastern.

BAHR

### Extemporaneous

Charles Brownson represented Central in the district extemporaneous speaking contest held here at Flint.

### Oratory

"A Plea for Peace" was the topic of Central's orator, Douglas Hill. He won first place for Central in the sub-district oratorical contest and entered the district contest at Kalamazoo.

### Declamation

Doris Bahr spoke on E. Kellogg's "Vision of War," when she carried off first honors in the sub-district declamation contest and represented Central in the district contest at Kalamazoo.

Roland Higgins represented Central in the Peninsular Oratorical Contest at Muskegon in May, where he won third place.

### The Class Sing

One of the most impressive traditions of Central is the annual Class Sing held on the campus each spring. The May Queen, Oakel Broberg, and her attendants, Beth Kinaman, Graydon Withey, Anna O'Neil, Bob Sutton, Evelyn Schumacher, Joe Hurd, Carolyn Hughes, Carlton Bigelow, Catherine Lewis, Billy Johnson, Thelma Burwell and Bob Hetchler, presided over the sing last year. The songs of all three classes were cleverly written and, though the Juniors were awarded the \$50 prize offered by C. S. Mott, the competition was close and each class demonstrated well its ability to work together. The seniors won the \$10 prize offered for the best class yell. The choragus of the winning class was James Copeland.

## Commencement Week

Commencement week activities began last spring with the senior dinner dance held in the ballroom of the Durant Hotel. After the dinner, during which toasts were given by the leaders of the class of '28 and by some of their advisors, dancing was enjoyed by the class and their invited guests.

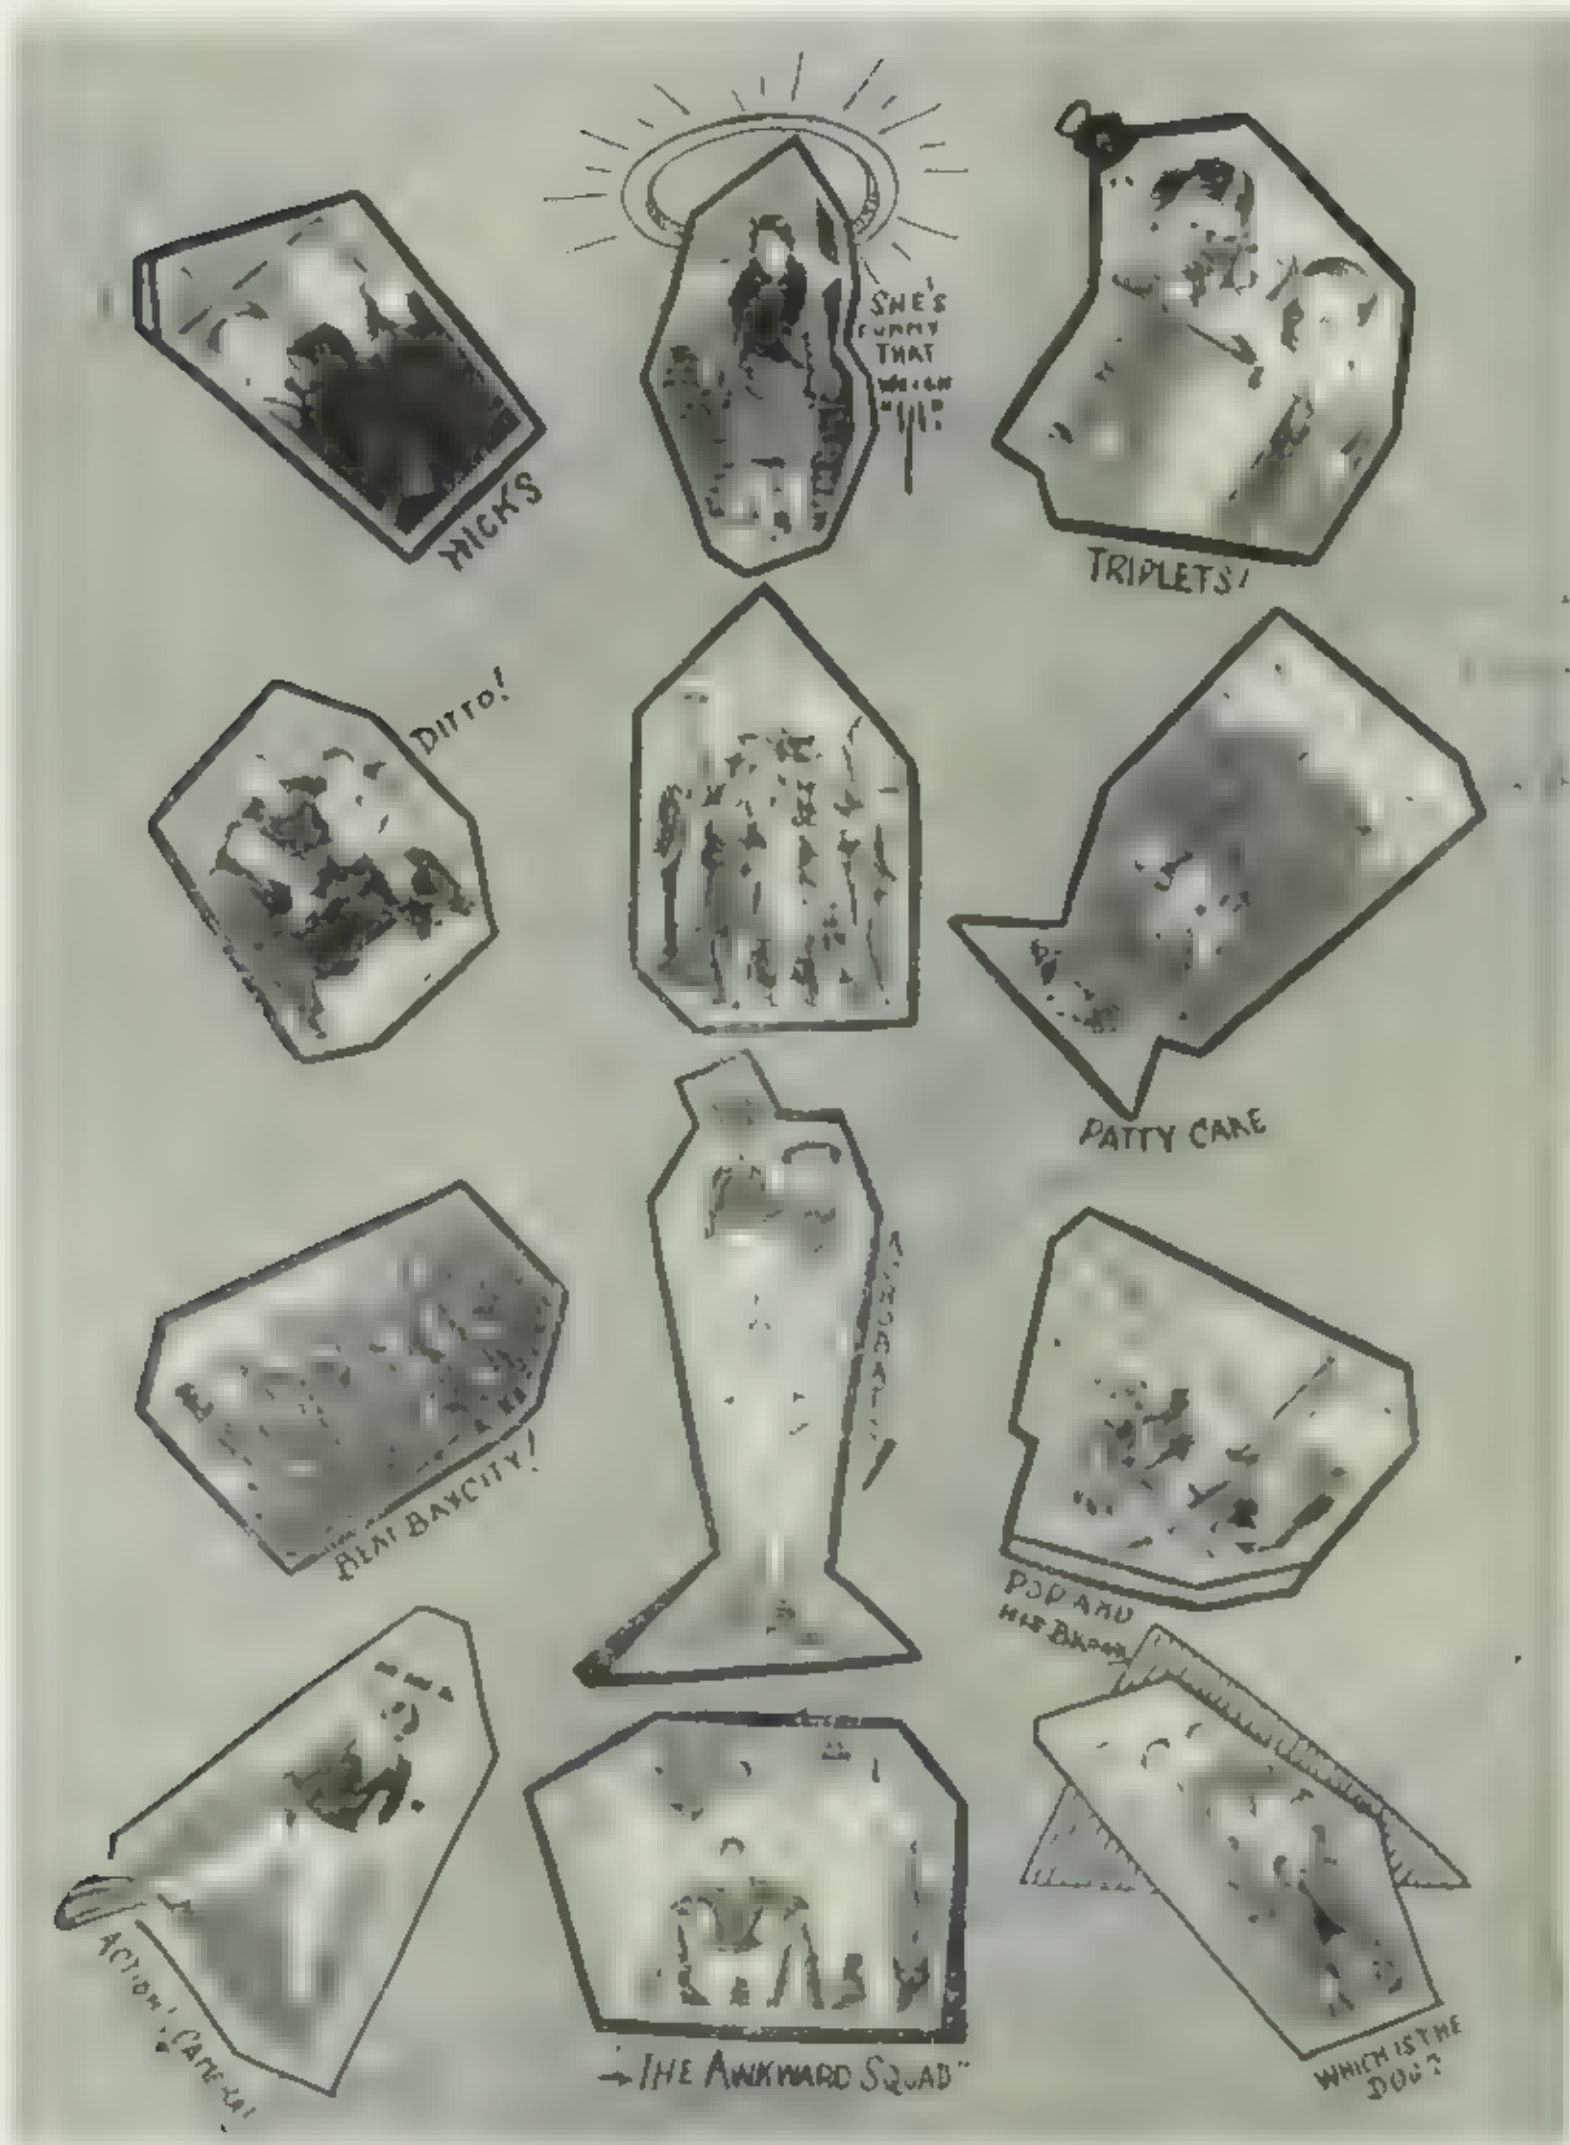

On Baccalaureate Sunday, we catch the first glimpse of our seniors in their caps and gowns. The service was held at the Court St. M. E. church where Dr. James McGee delivered a fine address to the graduates. Special music was furnished by the Central A Cappella choir. The church was crowded to the doors by interested relatives and friends.

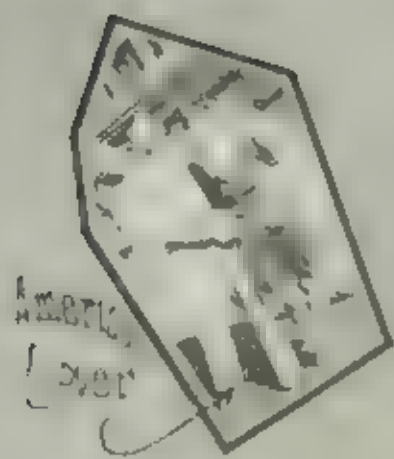

The Lantern walk and Class night was made more impressive than before, last June, when the two longest lines of seniors in the history of Central came winding through the campus with their little red and black lanterns bobbing along before them. Unusually fine talks were given by the three valedictorians and the salutatorian. All the activities of the school were represented and much credit was given to all those who contributed to their success. The president of the graduating class presented the Lantern to this year's senior class.

Commencement exercises were held in the Whittier gymnasium where Gordon J. Laing addressed the class and their friends on "Different Kinds of Education." At the end of the program the members of the class of '28 were given their diplomas by C. V. Courter, superintendent of schools.

COACH DAN FISHER

### Our Coaches

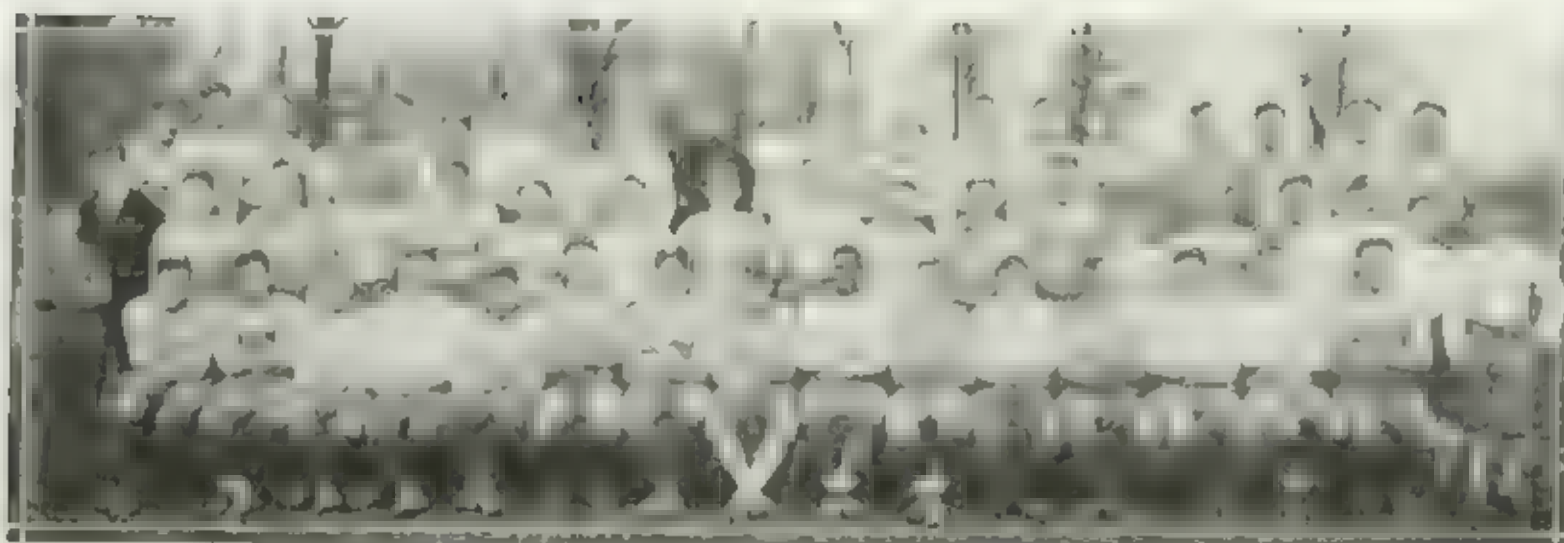

Head Coach Fisher in his first year in Flint produced a gridiron machine that came near to winning the state championship. Realizing that the team was built on a foundation of only two regulars, his success is more evident. Dan, a great builder for the future, took a great interest in the under-classmen. Only assisting Coach Fisher were Assistant Coach Christiansen and Trainer Stan Broome. Both have been with the school two or more years and their help was instrumental in the success of the team.

## Football Summary

Central's 1928 football team began the season with a new head coach, Dan Fisher. The debut of Coach Fisher resulted in one of the best teams since the days of state championships in football for the Red Blacks. The team headed by Captain Frank Verda, captured eight victories and lost but two games. Central was not scored against until the seventh game, that against Pontiac, and was unbeaten until the ninth game that against Bay City. The other defeat was at the hands of Central's arch opponent, Flint Northern. Captain Verda and Savage formed the complete list of letter men held over from the year before, but there were several members of the reserves and subs of the preceding year.

## The Season

CENTRAL—18 M. S. D.—0

Captain Verda scored three touchdowns in the opener of the football season against Michigan School for the Deaf. The victory foretold a successful season judging from the power displayed by the players. Coach Fisher was impressed by the work of the line and especially the position of center which was covered by Hawks.

CENTRAL—6 ST. MICHAEL'S—0

The second game of the season proved to be anything but a set-up for the St. Mikes played Central evenly for the first three periods. McKell intercepted a pass and ran for a touchdown and in the last few minutes Central again threatened to score when Captain Verda and Thomas carried the ball 80 yards to the 4-yard strip where the line could not get a negative yard. The play of the Red Plaid showed a decided improvement.

John Thomas kicking from behind his own goal line in the Redford game. The ball got away safely.

#### CENTRAL—12 DETROIT NORTHERN—0

First outplayed Detroit Northern the following Saturday and remembering the defeat of the year before, proved a serious contender for state honors by vanquishing the strong Detroit aggregation. The team for the first time showed its true power and the line and backfield played by far the best game of the season. Blocker stood out on the line playing, while Captain Verda, Thomas and McKell played well in the backfield.

#### CENTRAL—25 ROYAL OAK—0

A mighty Red Black grid machine took the field against the Royal Oak eleven displaying a powerful line and an offensive attack of open field running by Captain Verda, Thomas and McVay. Verda swept 20 yards to score one touchdown. The play of the First Central team strengthened their standing in state circles. The invaders held Central several times in the shadow of their own goal posts for downs, proving a fine fighting spirit.

#### CENTRAL—7 ARTHUR HILL—0

An avalanche of forward passes by Arthur Hill put Central on the defense and then for the second time of the season the Red-Blacks surprised the coaches, this time by holding the strong visiting team scoreless. After establishing a strong defense Central started an offensive drive that resulted in one touchdown and missed the second by inches. This offensive drive was the product of Thomas, McVay and McKell. Captain Verda scored the touchdown and played a wonderful defensive game.

#### CENTRAL—2 SAGINAW EASTERN—0

Central met a set of mud at Almon Field in Saginaw and weathered the storm by head-on football. Healed, tackled from behind his own goal line while trying to punt, by three Red-Black linemen, Bowers, Sutak and Hawks, gave First the only score of the battle. McVay played his best game in short line bucks being so small, he was able to go under the breast of Eastern. Central's open attack of passing and end runs could not be used in the mud. The contest was evenly matched, Central outplaying their opponents during the first half and the decision being reversed in the second. All-state end Petoskey of Saginaw played the best game of the opponents and proved a feature with his versatility.

Captain Verda scoring on a three-yard line buck against Royal Oak.

**CENTRAL—26      PONTIAC—13**

The Red-Blacks had to open up against Pontiac with a passing attack. McKell heaved four passes and Richards received them for a total yardage of 117 yards. All four of Flint's touchdowns were gathered by this method. Pontiac retaliated with two touchdowns from the line of scrimmage and was the first team to score against Central.

**CENTRAL—13      REDFORD—0**

Central defeated Redford on a wet Dort field the following Saturday through line backs. Hershey ran back a punt 55 yards for the Red-Blacks to the five yard line and pushed over the second score of the game. The first tally came after a short kick by the Detroit boys. As a result of the victory, Central had chalked up eight straight wins. Although the play was below the standard of the Red-Blacks, the coaches predicted a close contest with Bay City on the following week-end.

**CENTRAL—0      BAY CITY—19**

An undefeated Central football team met its match at Bay City on the wettest field in the history of either school. A partly funded punt by McKell was picked up by a Bay City man who scampered to the golden land for the first six points. Another score was recorded by a similar play. Later the Wolves finished their scoring on a long pass. Central gained comparatively few yards against the 180 pound line of Bay City. Central's title hopes were drowned in the sea of mud.

**CENTRAL—0      FLINT NORTHERN—7**

For the third time in the history of Flint Central her football team was defeated on Dort Memorial Field. Northern won from Central when McKell attempted to punt from his own five yard line but fumbled and before he could recover the ball Smith broke through and fell on the pigskin on the four-yard line. On the fourth attempt the Eskimos went over for the lone score of the game. Scoring opportunities were many because of a passing attack that Central launched at Northern, but the drive was not enough to score. This was the first meeting of the city rivals and Northern won by playing heads-up football.

Central scored 109 points to the opponents' 39 during the season. Only three schools scored against the Red-Blacks and but two won games against the squad of 1928.

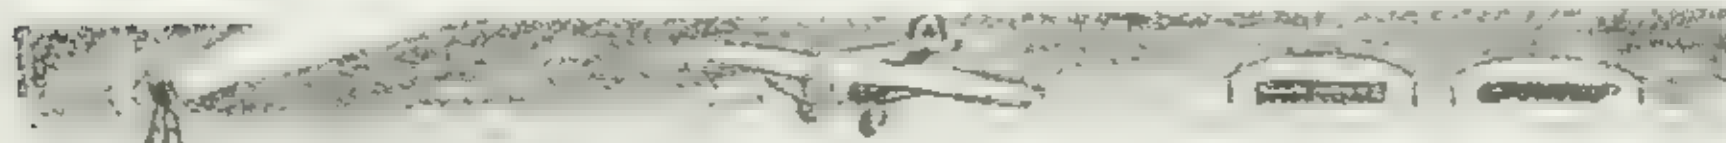

## The Season

The basketball boys of Central were not here to begin the season with but only two others out of the old boys were back and that fact was not the two years experience with the Red-Blacks. Captain Cassel and Richard were the "B" men and Thomas, Burns, Piazza and Steckley constituted the reserve material that remained.

Coch Fisher introduced a new system in his first year of basketball at Central and the old boys were at a loss at the start of the season to find out what the new team of boys. Coach Fisher is a great teacher for the future and many victories were left off at the start of the season. The team won six victories during the 1926-27 season and two more at the tournament. Captain Cassel was the captain of the team and was a great leader and a great player. The team's record was 16-11, the best showing of the season for the Red-Blacks.

### Golf

The 1928 golf team of Central gained the most honors ever won by Red-Black golfers. The team led by Captain Thomas qualified for the state tournament, the first team from the links ever to carry the Red-Black colors, and placed fourth in a field of fourteen. At the regional meet at Pontiac they led the field by twenty strokes.

Central lost but two meets during the season both to the state champs, Redford. Douglas Blom, city champion, and Thomas, with Paul Rouch and Stan Gulliver won from Flint Northern 10 to 2, and from Flint Junior college 10 to 2.

The 1929 team will be strengthened by several sophomores in addition to the captain of last year and Douglas Blom. According to Coach Christensen the outlook is exceedingly bright.

### Gym Team

After losing two stars by graduation, the gym team placed third in the state meet. Although the membership of the team was of ~~unlike quality~~, the season record proved successful.

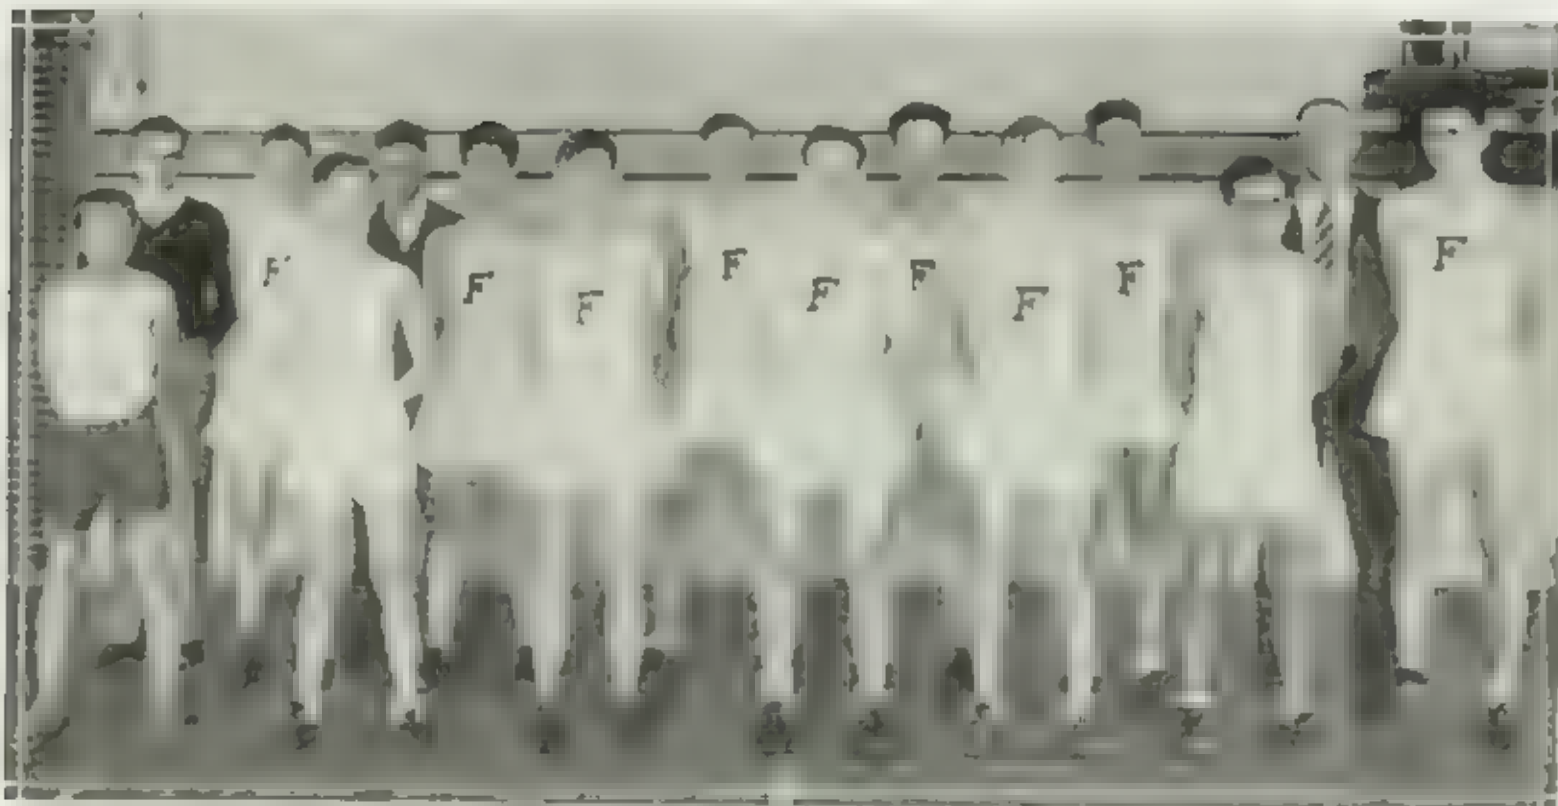

## Swimming

Captain Bigelow led the swimming team to a successful season in the tank considering the strength of the teams that were met against the Red-Black. The national and state champs, and the runner-up in the state meet, saw action against the Central team. Coach Rockafellow's team won three meets, lost four and tied one. Captain Bigelow won a point in the state meet for the second consecutive year, being the first man from Central to win a point in the state competition. He was undetented in the 220-yard dash throughout the season. The team made 248  $\frac{1}{2}$  points against 291  $\frac{1}{2}$  points for opponents.

## Track

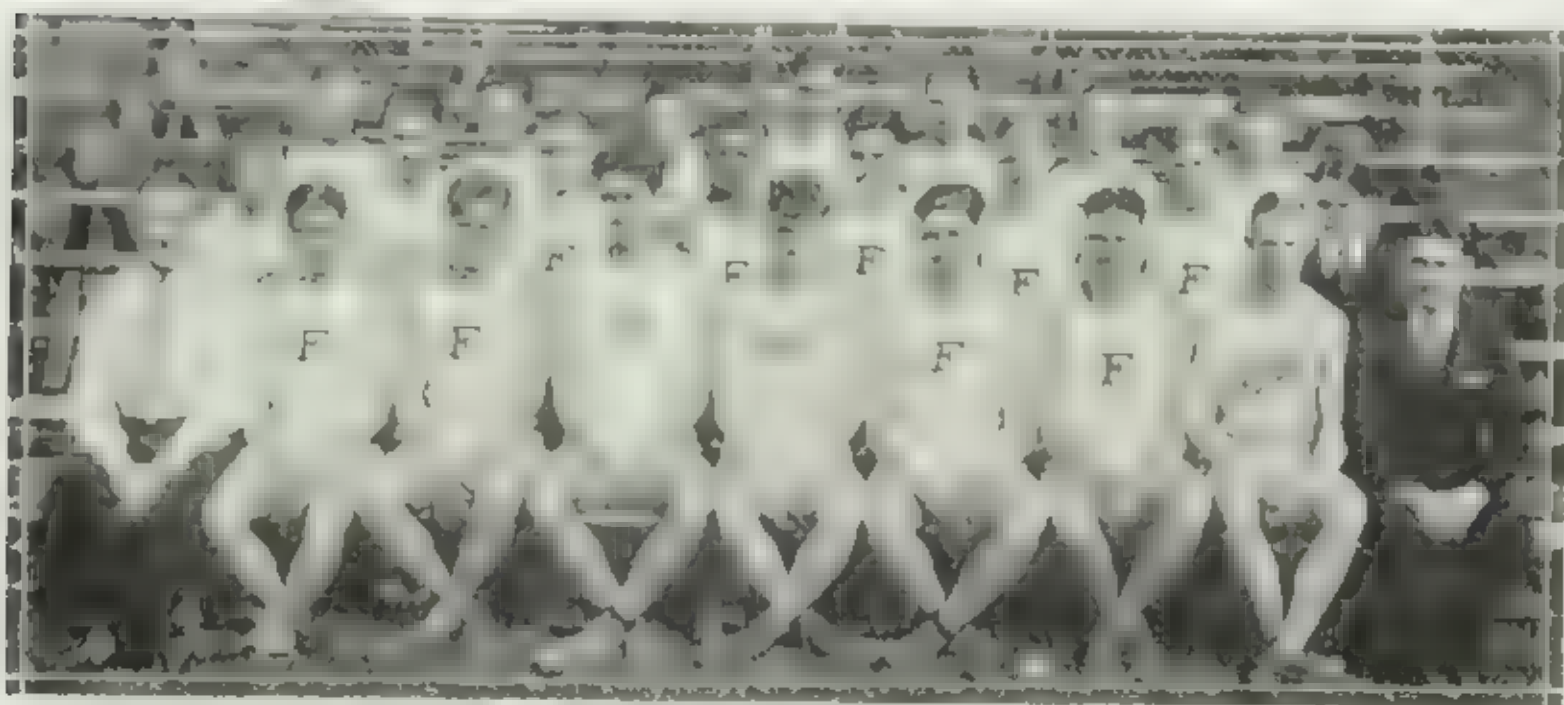

After Flint Northern claimed all but one man of the indoor 1928 track team, Central came back and won from Northern in every meet the two schools competed in. Coaches Broome and Muir developed from raw material a winning track team for the outdoor season. Captain Randolph Wood led his team to victory in one dual meet, second in two, and second in the regional. Each meet, however, saw Central gather more points than her rival, Northern. John Storer made one point for the Red-Black school in the state meet placing fourth in the broad jump.

## Baseball

Saginaw valley championship in baseball was won by the Red-Black team in 1928. Coach Stan Broome used a veteran infield and a well balanced pitching staff to win the valley championship. Central won four games and lost one. Stan Piazza and Chester Lipski were the stars of the pitching staff and Verda, McKell and Lipski ranked as the heaviest batters. Coach Broome has several veterans from which to mold the 1929 team, including S. Piazza, McKell, Steckley, and several promising sophomores from junior highs will help to build a strong team.

# PROPHECY

THE Transplanental Airlines passenger plane was late. A huge crowd was anxiously awaiting the arrival of this gigantic plane, Commander, and an irritated woman was bemoaning the fact that she had left her

dinner on the stove that morning before she left Mars.

Whirr, whirr, whirr! Dang, dang, dang! Whirr, whirr, whirr! At last, with a tre-

mendous shock the centeplane Commander landed. "All aboard for Mars, Venus, Saturn, Uranus and all points west!" shouted the airport master, Jimmy Copeland.

A tall, distinguished looking gentleman who was deeply engrossed in reading a book, alone remained oblivious to the rush that followed. He was soon brought to a realization of the situation, however, when another man bumped into him and knocked the book completely out of his hand.

The stranger stooped to recover the book as he said, "Oh, pardon me, sir, I didn't notice—" He stopped short as he read the title of the book.

"Why, this is Flint Central's 1929 Prospects," he exclaimed. "Did you go there then?"

"Why, yes, did you?"

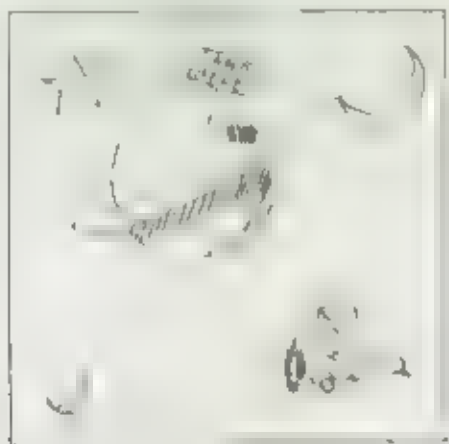

"You bet I did. Maybe you remember John Pemberton—"

"Certainly I do, and I'm Ray Blocher. It sure seems good to see you again!"

The two climbed aboard the plane and finding seats together began talking over old times as they turned the Prospectus leaves.

#### SAM CLEARS THE SKYWAYS

"You may know," began Ray importantly, "that I am the president of the Transplanental Airlines, Inc., and as such have a few of our old classmates working under me. For instance, Alex Pollock and Ray Goodrich are both pilots, and Sam Piazza is sharpshooter for these lines. He clears the air of the giant birds that in some regions have caused serious accidents.

Their conversation was then cut short by a sudden commotion outside. Through the window they saw a policeman with a hobo who had been trying to catch a ride. Neither were surprised to notice that the hobo was Wes Barefoot, and after he was started on his way to the city jail, they resumed their conversation.

"My wife and I have been wondering what became of 'Dene' Higgins. You don't happen to know, do you?" inquired John.

"Why, yes, since I travel quite extensively, I have kept track of a lot of my old acquaintances. Roland is a very eminent pastor of a New York church and is also a witty contributor to many of the Ireland-Moffett newspapers, if you have heard of them."

#### BURNS IS PRO MANAGER

"Oh, yes, I subscribe to one, even though I am living on Saturn at present. They have all the latest sport news and I am interested in following Bob Burns' fast string of basketball teams. You know Bill Cavett is coaching them and they are making a tour of the

planets. Then, too, if you are interested in sports, you must have read of Carleton Bigelow's famous channel swim. He's the first man to swim the Milky Way!"

"I confess I haven't kept up with sports much lately because I'm so deeply involved in politics. You see, this propaganda with Queen Virginia Palmer of that little mid-air island, Baranjus, declaring war on Uranus, has caused President Miliken quite a little worry. And then there's Carl Sawyer doing his best to further inter-planetal peace. We'll hope it all blows over!"

"By the way, I just ran across John Thomas. He's selling the Cataman-made hats in the Mars territory now and he sure has collected all the gossip about the class of '29. He says Don Champion has been married and divorced twice already and is now working in Murphy's drug store. Also, Grace Cooper is society editor of the Mount Morris Times."

"You don't say! Maybe he knew what became of Berenice MacGregor?"

#### SHE'S IN THE MOVIES NOW

"Sure, he said she'd married some college professor on Venus, I think. Then, too, he said that David Earl had gone into the wilds of Jupiter to convert the savages. Bill Trev-arthen, the radio scientist, went with him to keep the universe informed of their progress. I suppose you know already that Carolyn Hughes has gone into the movies?"

"Yes, I just saw her latest picture in one of Griswold Ruth's theaters on Mars. She's playing with Joe Hurd. The show has been running six weeks already and is still drawing huge crowds. You ought to see it!"

"Yes, I planned to go tonight, but the children insist that I take them to the circus. Geiger and Hawk just hit town and are starring Mildred Rossman as tight-rope walker."

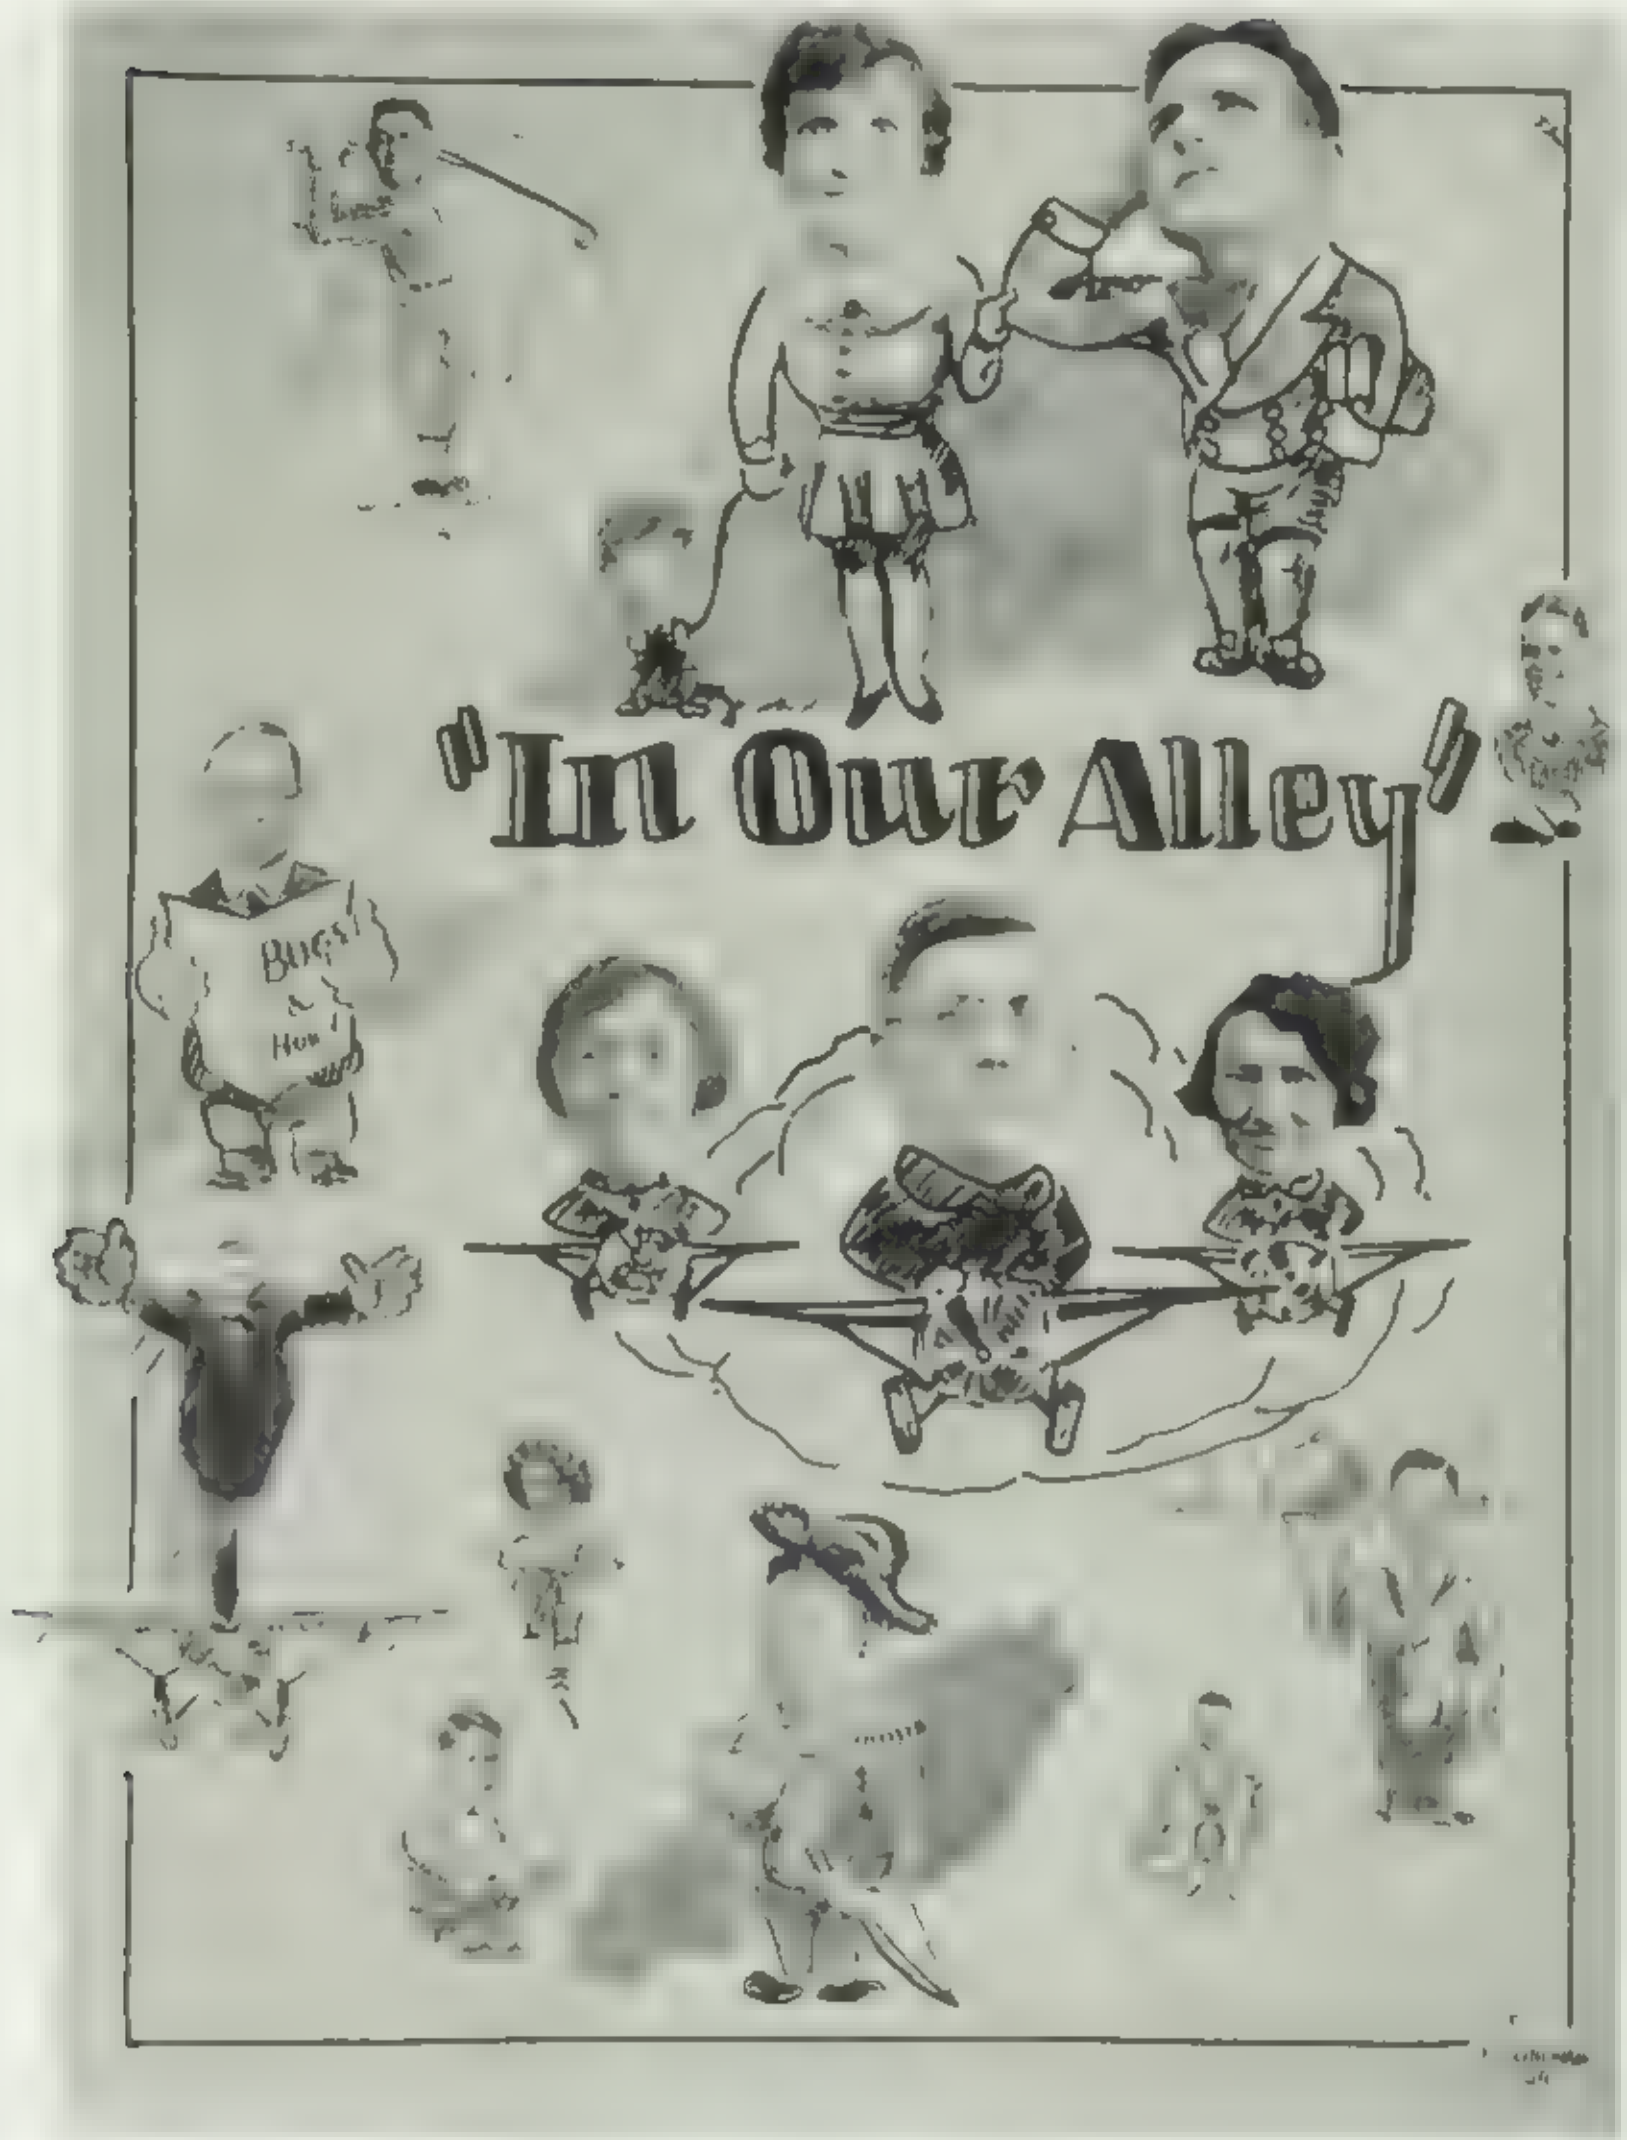

"Saturn, Saturn, next stop is Saturn!"

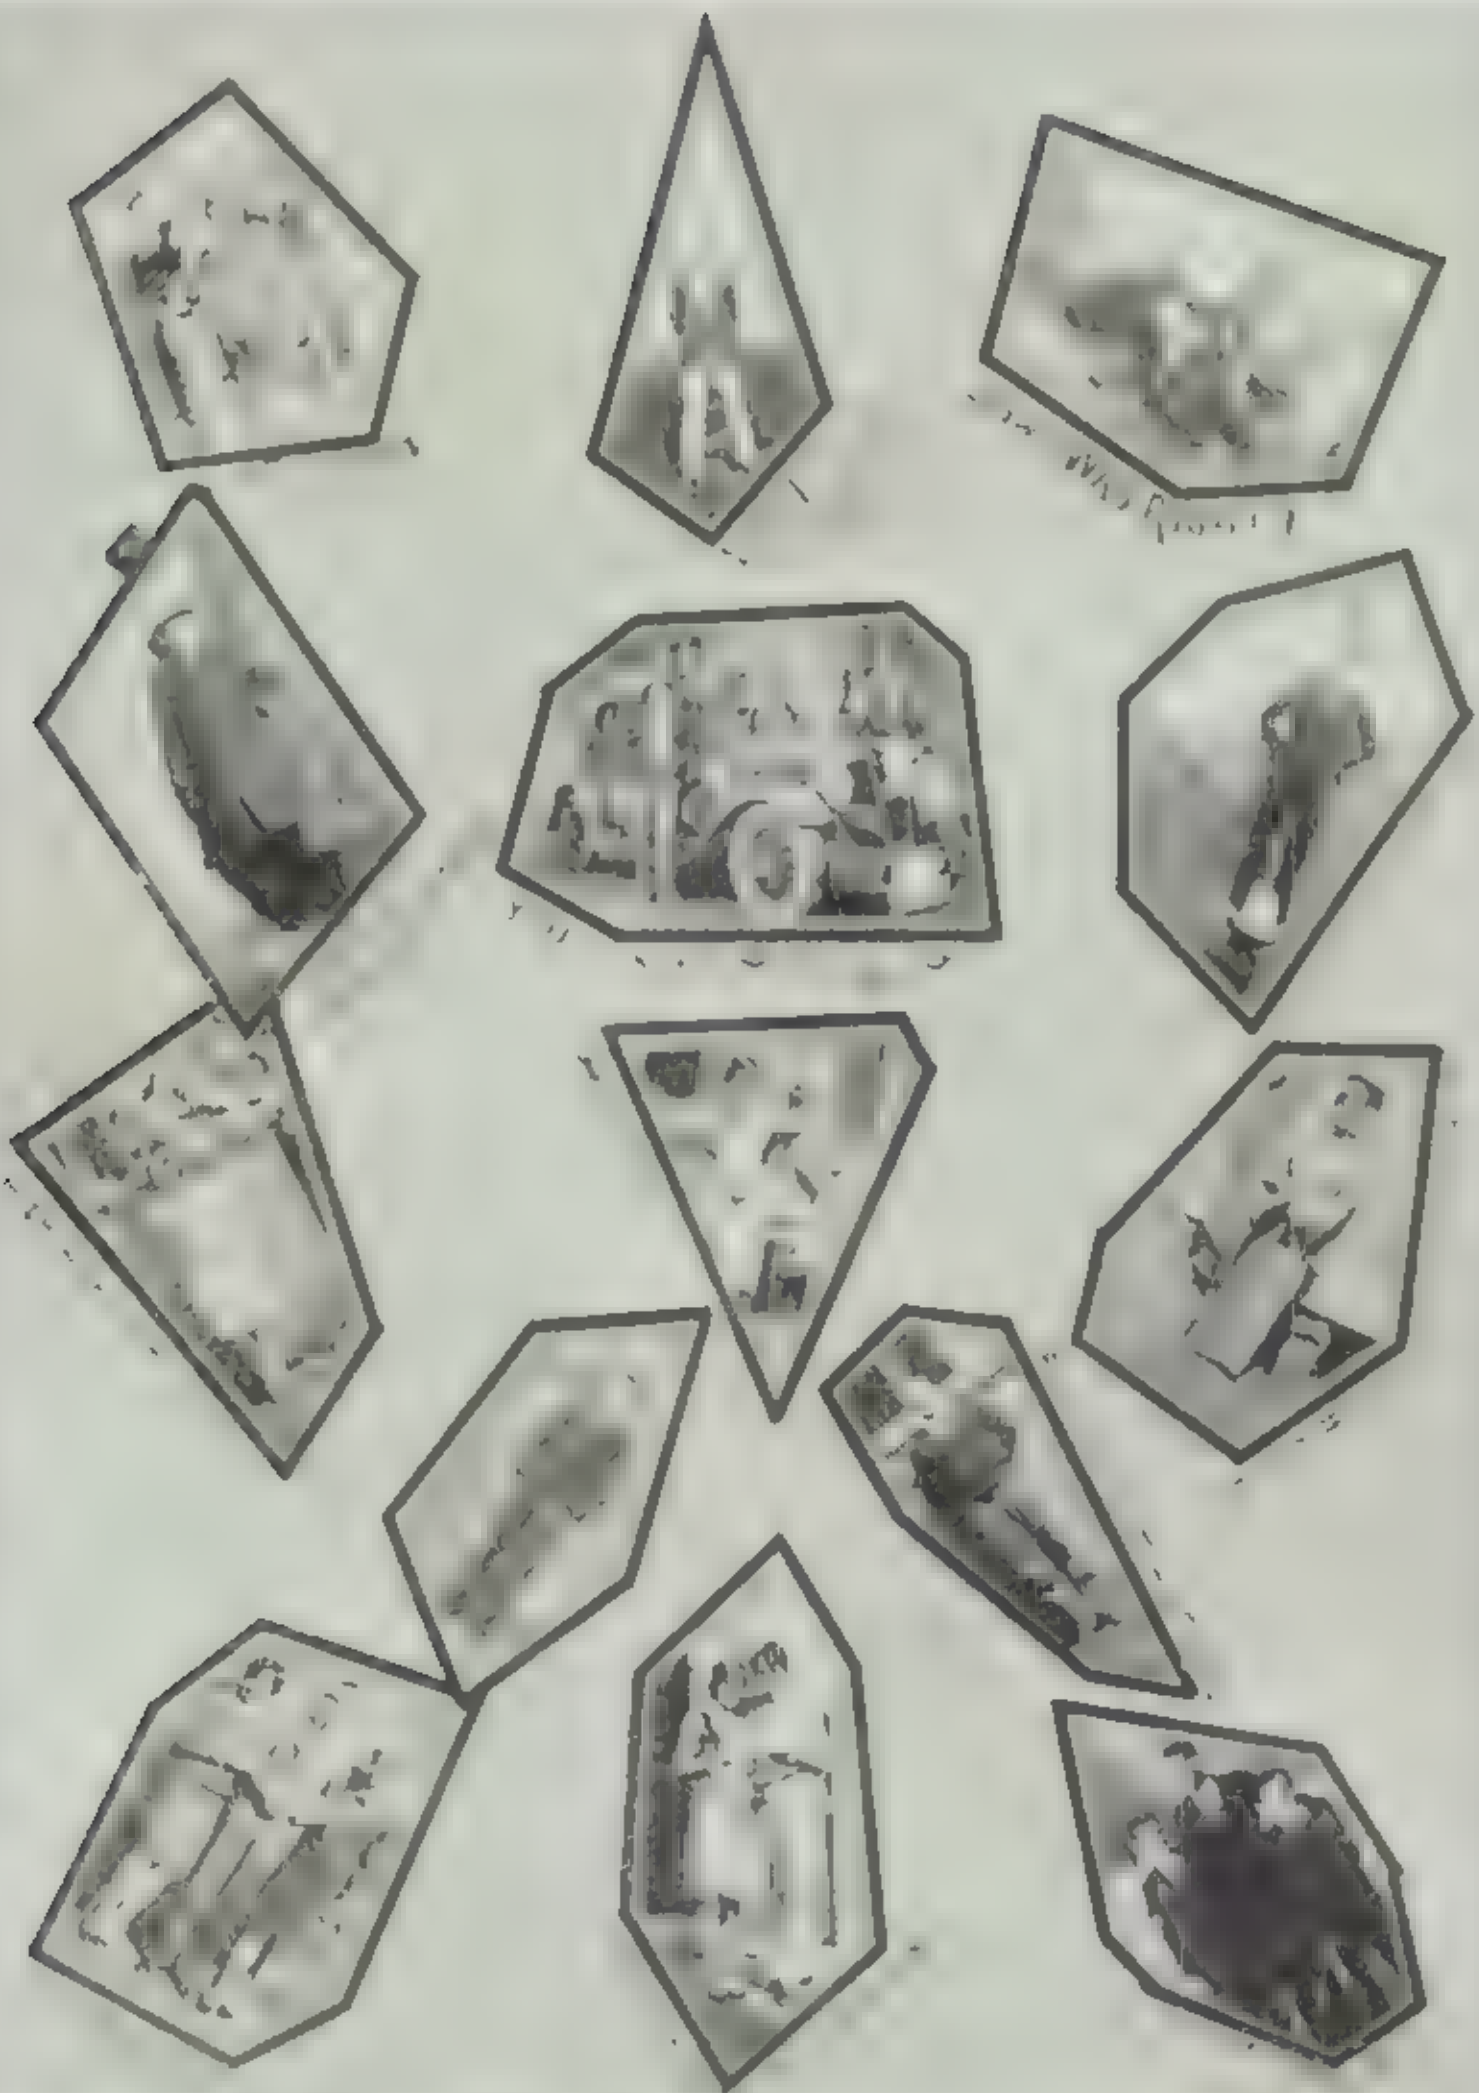

The two looked up to see Johnny Beagle in a conductor's uniform just disappearing down the aisle.

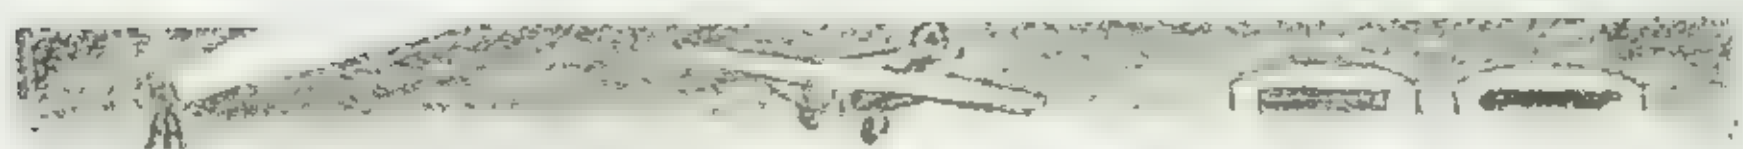

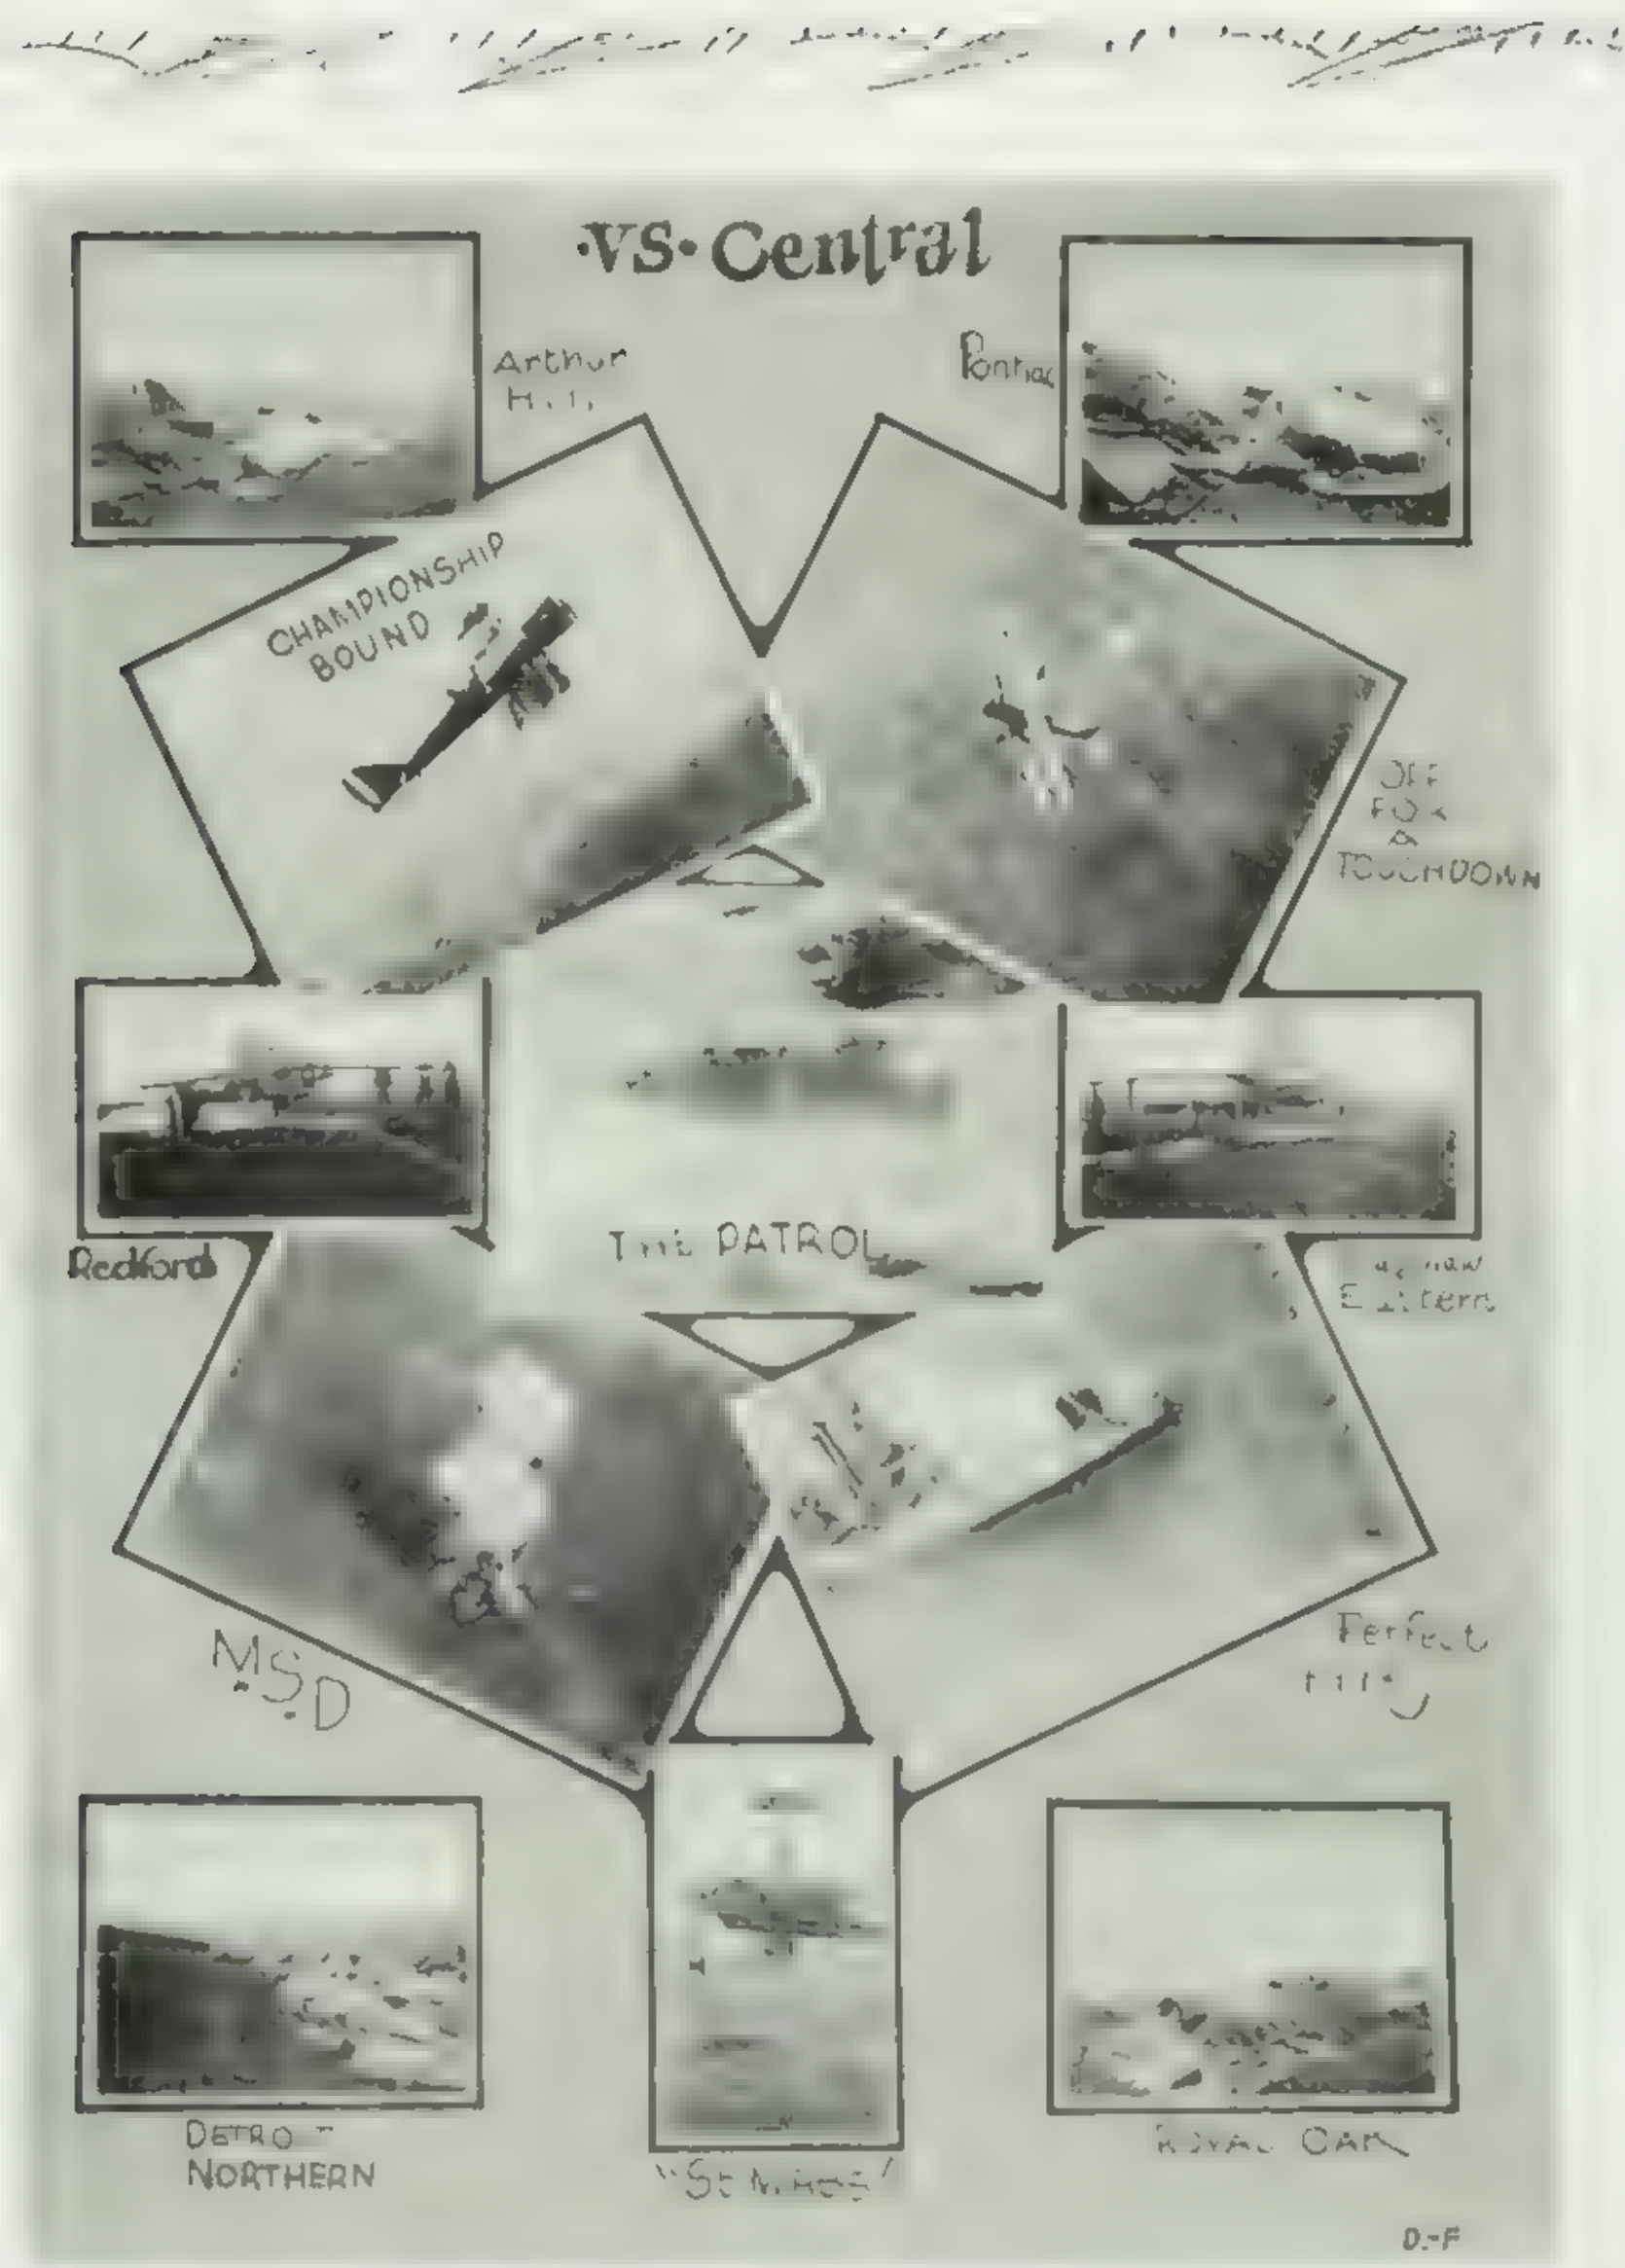

"He wouldn't be able to call stations like that if he hadn't practiced as yell leader at Flint Central," chuckled John, as he rose to leave the plane.

"I guess old Central has had a lot to do with all of us being where we are," was the reply, "that is, all except Curdell Opie. They say he's in the asylum at Lapeer!"

## AC is the *better* SPARK PLUG

 alone has the patented one-piece, gas-tight construction which prevents compression leaks and promotes engine efficiency.

Another patented AC feature is the electrically welded side wire electrode—which is 35 times better in electrical conductivity than the old “staking” method used in ordinary plugs, and which also helps eliminate pre-ignition.

A special metal alloy, developed by AC, insures long life to the sparking points.

The electrically fused AC insulator core makes certain the delivery of the full spark to the insulator points.

The hard and smooth glaze coating of the insulator effectively cuts down accumulation of soot.

Because of these and other definite superiorities, AC Spark Plugs will better the performance of your engine.

## LIFE'S LESSON

The most important thing that needs to be learned by everyone who wishes to succeed is to have a purpose and then to concentrate upon it!

Just as long as your thoughts, your energy, your actions converge toward one object, you will be making progress. When they begin to diverge from that object, then you lose ground.

The mind and the will must be kept in leash, for the moment they are permitted to stray they are taken captive by a thousand idle fancies which enervate and destroy them.

We, in this store, are always alive to the importance of improving and bettering this business.

## **"Me and the Boy Friend"**

**Y**OU know them, bless their hearts. A pair of youngsters, really, in spite of their self-reliant air and their fast-vanishing 'teens. The girl—slim, clear-eyed, merry; the boy—flippant, a bit arrogant, full of secret, earnest plans for success.

They like each other. They go to the movies together, dance, quarrel a bit. They don't believe in early marriages. But her eyes shine when she speaks of him. "Me and the boy friend."

One of these days, suddenly, they'll be grown up. Man and wife, those fearless youngsters. A home to plan, life to face. A budget, a savings account, economies.

They'll make mistakes, but they'll learn quickly. She'll begin to be canny in the spending of money—to question prices and values. She'll begin to read about the things she plans to buy, to find out all she can about them. She'll become a regular reader of advertisements.

They'll help her to become the capable, wise housewife she wants so much to be. They'll tell her what clothes are best and what prices to pay for them. They'll tell her about the foods to buy, the electric appliances, the linoleums and draperies. They'll help her, as the advertisements in your Flint Daily Journal can help you.

And she'll meet her responsibilities and fulfill her duties easily and well. She won't become a tired, flustered, inefficient drudge. Because her home will be modern, attractive, well-run, she'll keep young—through the speedy years she'll retain much of that shining-eyed, merry freshness. "She and the boy friend."

MISS ESTHER W. FERGUSON, 16 years old, 910 1/2 W. Kearsley-st., a junior student at Flint Central High school.

Mr. Allord and Miss Ferguson died of broken necks shortly before 3:30 a. m. today after a roadster, driven by Mr. Allord, in which Miss Ferguson, Miss Poor and Mr. Shields were passengers, crashed into an embankment, hit two trees, and overturned twice on the Lapeer-rd about six miles from Flint.

Mr. Allord, who was conscious when extricated from the wreckage, was dead when Russell H. Manchester and William J. Coleman, deputy sheriffs, reached the scene of the accident. Miss Ferguson died in an ambulance enroute to Hurley hospital.

Miss Poor suffered a fracture of the pelvis bone, and internal injuries and lacerations to the face and body. Hospital attaches stated that her condition was improving today and that she had a good chance for recovery. Mr. Shields suffered a fracture of the collar bone and possible internal injuries, and severe cuts and lacerations to the body.

### Returning From Lake

The two young couples were returning from Five Ponds, near Inlay City, where they had spent Sunday at Mr. Allord's cottage. (Turn to Page 3, Column 5)

when the accident occurred.

When they had reached a point about six miles from Flint, directly in front of the farm home of John McCara, R.F.D. No. 1, Davison, the automobile swerved sharply to the right, crashed into a four-foot embankment, hitting a tree, and careened through a mud-hole, hitting another tree about 15 feet away before overturning twice, pinning the occupants between the crushed top and the seat.

Mrs. McCara, awakened by the crash, heard one of the young women scream and called her husband. He tried without success to extricate the four from the wreckage. Finally he hailed a passing motorist, Laurence Baer, 1115 Finishing-av. With the use of two automobile jacks the car finally was lifted sufficiently to remove the injured.

They were taken to the McCara home and given first aid treatment until an ambulance arrived.

Interviewed at the hospital, Mr. Shields said that two weeks ago Mr. Allord had invited him to accompany him and the two young

women, yesterday, to the Allord cottage at Five Ponds.

He said they left the cottage shortly before the time of the accident and had experienced considerable difficulty in driving, owing to poor visibility. Deputy sheriff reported Shields estimated they were traveling about 50 miles an hour when the car careened into the embankment. Shields was for Mr. Allord swerving the automobile to the right. He said it was possible that the driver may have dozed momentarily.

Mr. Allord's chest was crushed between the steering wheel and the top of the roadster. Miss Ferguson suffered scalp wounds in addition to a broken neck.

The bodies were taken to the Groves & Co. funeral home.
